

PALLET PULLER - 4.5M CHAIN

CODE: TT0033

The Tegral Pallet Puller is a heavy-duty pallet handling tool designed for safely pulling stacked pallets on smooth steel surfaces. Manufactured in Australia from solid steel and fitted with a 4.5m G70 8mm chain, it offers a maximum pulling capacity of 2000kg. Powder-coated for extra durability and trusted by large fleet operators, it's ideal for use in trucks and vans. Use the grab hook on the chain to adjust the effective length.

Product Code	Length	Weight	Pulling Capacity	Material	Chain Grade	Finish
TT0033	4.5m	9.3kg	2000kg	Steel	G70	Powder-coated
