

# 10MM CORFLUTE BOARDS

CODE: D0021-G

These light grey Corflute truck boards are designed for use between pallets, providing a strong, durable surface that won't shatter in cold conditions. Each sheet measures 2.2m x 1.1m x 10mm and weighs 4.5kg, with a robust 2000gsm construction for reliable performance.

Boards come in packs of 115, with a minimum order of 20 sheets. The corners are cut at a 15cm slant to increase longevity and reduce wear during transport. To maintain the highest standards of food safety, it is essential to store the boards neatly, keeping them free from dirt and away from forklift traffic.
