

# QUICKBINDER

CODE: CB0040, CB0041, CB0042

The Grade 80 QuickBinder is designed to cut unnecessary load time with two modes of adjustment.

- The unique vinyl coated barrel on the free spin gear provides a firm grip so the user can take up as much slack on the chain as possible before ratcheting into final position.
- Quickly switches from extension (Out), to takeup (In), or use the free -spin mode for fast adjustment in either direction.
- Padlock Hole for anti-theft (minimum 6 x 50mm long shank padlock)
- The folding handle lets the user quickly secure the load, and then tuck the handle out of the way from any potential snag.
- Designed for use with Grade 70 or Grade 80 chain. This product has higher strength ratings for use with either G70 Transport or G80 Alloy tie-down chains.
- AS/NZS 4344 Compliant
